WX VALOR 2.5

CHANGEABLE

MIL-PRF-32432A | ANSI Z.87 | EN166S

Rise up to the challenge! Whether you are at the indoor range, tactical operations or in the great outdoors, WX VALOR stands up to its name. Available in single, two, and three-lens interchangeable kits, you can adapt to each environment and lighting condition you encounter, with a quick switch of the lenses. We have applied a sleek and modern design to a durable, semi-rimless frame, with rubberized nose pads, and the incorporation of subtle lines and curves to the rubber-tipped temples, for a secure and comfortable fit with sporty flair. The WX VALOR gives a light and easy look, suitable for any activity.
